

YOUR COMMUNITY NEEDS YOU

91.2%

of Fire Departments
in North Carolina are All
or Mostly Volunteer

72%

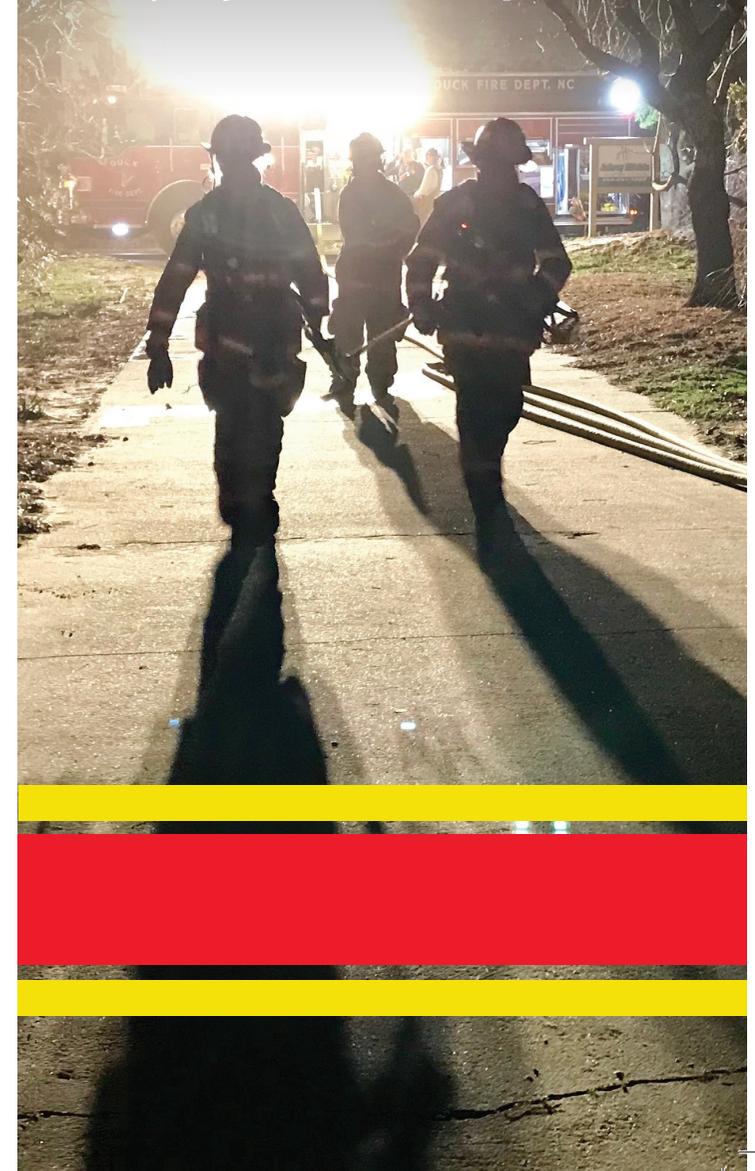

of all Firefighters in the State
are Volunteers

\$45,000

is the average savings
to a community per year
per volunteer firefighter

For Community, For Unity, Be A Volunteer

We need you to answer the call
and join your local Fire Department

WE NEED YOUR HELP

The fire service is a unique and complex business. Today's firefighters serve as our nation's first responders and play a key role in providing safety and response reliability the community needs.

This is your opportunity to get involved in something rewarding and meaningful that makes a real difference in your community. Your participation will ensure that when your friends, family, and neighbors need help there is always someone there to answer their call.

Fire departments need volunteers with various types of knowledge, skills, and abilities to be guardians of their community. Besides the men and women who respond to emergencies, other types of volunteers are needed. Fire departments need the services of volunteers with experience in almost every sector, including business, accounting, marketing, medicine, law enforcement, mechanics, construction, computers, and fundraising.

MAKE A DIFFERENCE

No matter what your occupation is you can make a difference in your community by volunteering at your local fire department.

Becoming a volunteer firefighter will be one of the best decisions of your life. The skills you will learn as a volunteer firefighter are invaluable.

If you are interested in becoming a volunteer, please contact us directly or by going to the website below and filling out an interest form.

Be a part of the excitement, the tradition, the sense of family, most of all, be a guardian for those in your community who need you.
